

Fisher Park 2007 Park Committee Report

FPNA President John McLendon and Rick Horne of FPC confer at the September workday in front of First Presbyterian Church.

The Copeland Steps

The major initiative of the year was undertaken by Will Copeland and the Scouts of Troop 230 of Irving Park UMC on Cone Blvd.

Will and the Scouts rebuilt the steps as part of his Eagle Badge project. Will's Grandmother was Mary Lee Copeland, long time preservationist, neighbor on Magnolia St., and one of the founders of the FPNA.

Thank you Will and Boy Scouts!

Residents of Delancey Street and others hard at work!

Special Thanks to....

Outgoing Park Committee Chair, Carl Myatt, for all his hard work over the last three years!

The Park is the key feature of our neighborhood

The City of Greensboro does quite a bit of additional maintenance to the Park throughout the year. This include mowing and mulching. The FPNA assists with special projects and beautification issues.

We are pleased to report numerous small initiatives are taking hold in Fisher Park. By taking smaller steps we are showing good improvement in the appearance of the Park.

The Copeland Steps in the East Park

Other initiatives include:

Removing invasive plants in the park.

In filling with plants and trees.

Spreading mulch in various areas.

Tending to the entry planters.

Partnerships

First Presbyterian Church & Delancey Street.

Scouts and other volunteer groups.

City of Greensboro.

Respectfully submitted, David Craft, FPNA Park Committee Chair.
